

Bio HFC

High Foam Concentrate

A Deep-Clean, high foaming, triple action sanitizer, degreaser and disinfectant.

Keeping bacterial infection under control and minimising cross infection in kitchen, food preparation and storage areas requires regular surface deep cleaning.

KEY PROPERTIES

Bio HFC is a high foaming sanitizer concentrate that has triple action i.e. it degreases, sanitizes and disinfects.

Its unique long lasting foaming action enables Deep Clean operators to ensure complete coverage. When rinsed it produces a light 'indicator' foam to further ensure complete coverage before rinsing dry.

APPROVALS

- Bio HFC is non tainting and meets BS6471.

TECHNICAL DATA

Appearance	Clear Liquid
pH at a 2% solution	Approx 11
S.G.	1.08

APPLICATION

- Dilute a 2% solution to produce a thick white foam.
- Use a low pressure spray to apply to surfaces and leave for up to 15-20 minutes then rinse with clean water.
- Bio HFC can also be applied using air entraining and high pressure water and lance systems.

PACKAGING

5Ltr, 20Ltr and 200Ltr Containers.

SAFE HANDLING

Store in original containers and avoid extremes of temperature.
