

Spill Magnet

Spill Binder Oil and Chemical

A new approach to handling spills – a fast absorbing powder granule that absorbs and retains in excess of 25 times its own weight. Clay granules only absorb 0.7 times their weight!

Spill Magnet provides the answer for spill containment, vapour reduction and prevention of spills to drains and surface water.

KEY PROPERTIES

A blend of acrylic polymer granules that swell and absorb liquids on contact. Spill Magnet retains absorbed liquid and will not leach.

When fully absorbed Spill Magnet can easily be swept up and removed for safe disposal.

- Quick Acting
- Non Leaching
- Spill Containing

APPROVALS

- See list of Oils and Chemical spills safely absorbed by Spill Magnet.

PACKAGING

10 Ltr, and 5 Ltr Tubs.

APPLICATION

- Pour in front of flowing liquids, pool spills and drain outlets.
- Brush gently into the spill. Allow up to 2 minutes for gel action to complete.
- Sweep up gelled Spill Magnet and dispose of according to risk of material split.

SAFE HANDLING

Store in original containers and avoid extremes of temperature.
