Hand Wash & Gloss

22001108/2x5Lt 22001109/20Lt 22001110/205Lt

<i>Application</i>	High Shine Vehicle Shampoo for Manual Cleaning
<i>Features & Benefits</i>	<ul style="list-style-type: none"> • Cationic Polymer System for High Gloss • High Foaming – added lubrication reduces grit scratching • Easy Rinse Formula – minimised water spotting
<i>Dilution</i>	Concentrations in the range of 0.25 – 0.5% will be suitable for most applications.
<i>Equipment Required</i>	<ul style="list-style-type: none"> • Mop, Bucket, Sponge • Source of fresh water
<i>Use Instructions</i>	<ol style="list-style-type: none"> 1. Hand Wash & Gloss is best used in warm water. 2. Add 25-50ml to a 10lt bucket of water. 3. Wash Vehicle bodywork starting at the bottom and working upwards to avoid detergent streaking. 4. Rinse off with fresh water from top downwards.
<i>Hints & Tips</i>	<p><i>In hot weather cool bodywork with cold water before washing to prevent over-rapid drying and water streaking.</i></p> <p><i>Where there are heavy deposits of road grit on the bodywork this is best removed with a pressure washer or hose first to minimise scratching.</i></p> <p><i>Use a chamois leather to speed up drying and enhance gloss.</i></p>
<i>Precautions</i>	If used regularly wear gloves to prevent drying of skin
