

ANCILLARY AND PPE

WELCOME

Rozone specialises in high-performing, innovative cleaning solutions, replacing potentially hazardous chemical products with water-based or safer solvent-based solutions. Our aim is to help companies reduce the use of harsh chemicals in their cleaning processes, safeguarding the health and safety of staff and customers whilst lowering their impact on the environment.

We've learnt over the years that use of correct application equipment can have a huge effect on the efficiency and efficacy of cleaning operations, and that's why we don't just supply the cleaning product itself. We have a range of cleaning machines, application equipment and ancillary goods to compliment our chemicals so your cleaning operations can be performed to the highest standards.

This extensive range of competitively priced and fit for purpose dry goods and ancillary consumables support our cleaning and maintenance products. From Personal Protective Equipment and cleaning tools, to dispensing, packing and storage you'll find everything you need in one place for optimum ease and convenience.

OUR AIMS

As trusted advisors, we aim to help companies:

- Provide efficient methods of cleaning
- Reduce waste production
- Raise the standard of presentation
- Cost Control: Best Practice in cleaning and presentation can save and make you money
- Health & Safety: Improve work environment and safeguard employees
- Environment: Lower impact on the environment

The demand for our range of sustainable solutions has developed significantly since we began in 1996 and we are proud to work with a wide range of customers including Aerospace, Automotive, Bike Shops, Defence, Government and Municipal, Plant Hire, Damage Restoration and many more. We've also built up a significant export business, resulting in our UK developed and manufactured technologies reaching a global audience.

UK MANUFACTURED 

CLEANING MACHINES • POWER MANAGEMENT • POLLUTION CONTROL EQUIPMENT • ANCILLARY PRODUCTS

PERSONAL PROTECTIVE EQUIPMENT

PERSONAL PROTECTIVE EQUIPMENT

SINGLE USE FACE MASKS

3 ply face masks offering excellent protection. Type 11R Tested in accordance with EN14683:2019. Excellent bacterial filtration efficiency - 98%. Easy to fit with adjustable nose piece. Splash resistant. Low breathing resistance and excellent comfort for the wearer. Non-sterile.

PACK SIZE: PACK OF 50
CODE: 23000207

VISOR SHIELD FULL FACE DISPOSABLE

Disposable full face visor shield for protection against droplets and spittle. One size fits all with elastic strap fitting. Anti-fog treated. Easy to put on. Attachable comfort foam insert.

PACK SIZE: PACK OF 10
CODE: 23000200

MASK - P3 UCFD-P3V

Fold flat mask with valve. Fully UK certified to EN149:2001 +A1:2009. Adjustable nose bridge with foam seal. Colour co-ordinated straps for easy workplace identification. Space saving fold flat design and individual packaging. Available in a valved version ONLY to reduce heat build up within the mask for greater wearer comfort. A premium mask for more demanding applications.

PACK SIZE: PACK OF 10
CODE: 23000204

MASK - NUISANCE P3 UCFD - P3VC

A premium fold flat mask for more demanding applications. This valved version with activated carbon helps absorb smells and nuisance odours. Fully UK certified to EN149:2001 +A1:2009. Adjustable nose bridge with foam seal. Colour co-ordinated straps for easy workplace identification. Space saving fold flat design and individual packaging. Available in a valved version ONLY to reduce heat build up within the mask for greater worker acceptance. A premium mask for more demanding applications.

PACK SIZE: PACK OF 10
CODE: 23000871

RESPIRATOR HALF FACE

Half face mask - twin filter respirator. The face piece is moulded in soft comfortable TPE, which is silicone-free and latex-free. The harness incorporates an adjustable head cradle and neck buckle, and the large diameter valves provide exceptionally low breathing resistance to reduce wearer fatigue.

PACK SIZE: PACK OF 2
CODE: 23000561

RESPIRATOR FILTERS FOR FULL & HALF FACE MASKS

Respirator filters for full and half face masks. These quality filters cover organic, inorganic, acidic gases and vapours, ammonia, solid and liquid hazardous particles.

PACK SIZE: PACK OF 2
CODE: 23000544

RESPIRATOR FULL FACE

A twin filter full face mask providing exceptional balance and presenting an extremely low profile for close-up or restricted access working. Promask 2 has an ultracomfortable T-bar face seal, which produces an efficient seal with minimal pressure against the face. The airflow management system utilises the inner mask to prevent the visor from misting and to ensure CO² is flushed away rapidly and efficiently, reducing wearer fatigue even for long periods of use. Promask 2 incorporates a wide panoramic visor to maximise the field of vision and a front mounted speech diaphragm for easy communication with colleagues.

PACK SIZE: UNIT
CODE: 23000543

GLOVES NITRILE PREMIUM

Premium green chemical resistant 16 inch flock lined nitrile gauntlet. Strong and durable for more demanding applications with excellent resistance to a wide range of solvents, chemicals, oils and fats. Thicker and longer than standard versions for increased protection and specially formulated for dexterity with minimal finger fatigue. 'Lozenge' pattern on palm and fingertips improves grip performance. Suitable for use with food.

PACK SIZE: PACK OF 10
CODE: 23000174 S. 23000173 M. 23000171 L. 23000175 XL. 23000176 2XL.

GLOVES DISPOSABLE NITRILE POWDER FREE BLUE

Made from 100% BLUE NITRILE These gloves are powder free and chlorinated on both sides for easier donning and improved grip. Ambidextrous and non-sterile. Free from natural latex and safe for use by latex sensitive

PACK SIZE: PACK OF 100
